## PRO-VICE CHAIRMAN'S MESSAGE

I wish to express my deepest thanks to the entire DPS-Udhampur family, the parents and the students, whose hard work and unstinting support has laid the foundation of a thriving world-class institution.

We welcome each New Year as the harbinger of new opportunities, of new milestones to cross, and further potential to be realized. Our endeavor is to make the school years of our children the happiest and the most educative years of their lives, to give them a well-rounded holistic education that would prepare them to adapt successfully to the rapidly changing environment of today's world.

We wish to build in our students a value system that would stand the test of time. Truth, courage, determination and freedom must be deeply ingrained in their personality so that they become an ideal blend of the traditional and the modern.

My endeavors would always be to ensure that each child of the school receives love, dignity and acceptance. The faith that parents have reposed in us gives us an additional sense of responsibility and humanity. I thank the parents for their support and I am sure that they would continue to provide us with valuable suggestions in the future.

## **Principal Message**

*Let us think of education as the means of developing our greatest abilities, because in each of us there is a private hope and dream which, fulfilled, can be translated into benefit for everyone and greater strength for our nation*

*- John F. Kennedy.*

Having been an educator for several years, I keenly support the pivotal, proactive role an educational organization of repute plays in today's society. I feel honored to be in charge of a seat of learning that can mould the most significant resource of any nation — young, impressionable human minds —.

Keeping the contemporary global and national context in mind we, at **Delhi Public School, Udhampur Campus**, strive to make the pursuit of excellence a way of life; a habit. Our school is filled with enthusiastic students willing to learn, supportive parents interested in their children's education, and a dedicated professional staff committed to providing the students with a quality education. We provide a balanced environment focused on shaping children into leaders of tomorrow by offering comprehensive education through a developmental approach. The school environment promotes order, independence, a love for learning, a connection to the world and a sense of social responsibility. **Delhi Public School, Udhampur Campus** nurtures the leaders of tomorrow through a unique, well-defined curriculum and a dedicated focus on "learning beyond the classroom."

The Curriculum emphasizes the acquisition of knowledge, useful skills, understanding, critical thinking and problem-solving for all the students attending the school. The administration and the team of Educators believe that every student is unique and special and that they all have the ability to learn. We believe it is our responsibility as Educators to nurture and develop every student to their maximum potential. Students are continually encouraged to appreciate our diverse community and to care others by becoming global citizens and develop a concern and active respect for the environment.

Join us in our mission for to make our School a place children love to attend, a place in which parents believe their children are receiving an education second to none, and a place in which teachers express their joy of working with pride.

Dr. Kunal Anand

Principal
